

WNTC Sponsors Soft Ball Games

As a futher measure to aid their record drive, Campus Station WN TC, 640 on the dial, has announced that they will sponsor an evening of sports entertainment on Tuesday, May 18th. The events scheduled are two softball games between PSTC and Clarkson at Snell Field, the first beginning at six in the evening.

The preliminary game will consist of a battle royale between members of St. Lawrence University and PSTC sororities. Scheduled for a half hour, this contest is under the direction of Jerry Irvine, who is working hard to produce a worthwhile "spectacle".

The featured game will pit the might of the Engineers' all-stars against that of PSTC's. Clarkson's team is being chosen to represent many of the school's organizations, including the fraternities, Neutral, Woodstock, and Fall Island. Sam Molnar, Director of Intramurals at PSTC, will coach the PSTC squad, and he has announced that his players are being selected from members of the PSTC Intramural League teams. Andy Johnson of McManus fame will hold the CCT coaching reins, while Bill Cornell and Pinky Ryan will add color to

the battle, serving as umpires. The second game is under the direction of Hamilton Tewksbury of CCT.

To add further incentive to the battle, and with the hope of making this an annual affair Patrick Carey, Potsdam jeweler, has donated a statuette, to be presented to th team that wins the game for three consecutive years. The trophy consists of a circular gold corrugated cylinder capped by a softball player, also gold plated. The winning team each year will hold the trophy until permanent posession is gained.

It is expected that the PSTC Pep Band and the Malone ROTC Band will play at the games. Also, the Clarkson cheerleaders have volunteered to use their combined lung power in cheering for Tech, and the PSTC cheerleaders will probably try to "yell" them into submission, regardless of what occurs on the field. "All in all," to quote Nick Sfikas, Station Manager, "this will be an evening of fun for everyone, and at the same time, a benefit to your station, WNTA."

Feature Programs

As an aid to Tech students in helping them to understand the fundamental changes in the new proposed constitution, Campus Station WNTC, 640 on the dial, will bring the Clarkson Board of Governors to its listening audience on Monday evening at 9:30. It is expected that representatives from Malone will also be present at the broadcast, and that the differences of opinion existing between the Potsdam and Malone groups concerning the constitution will then be discussed.

Continuing these series of Campus Profile programs, the Campus Station will have as its guest, Tuesday night at 9:45, Clarkson's well-known Dean of Men, William Farrisee. As usual, the informal interview will be handled by announcer Dick Feldman.

WNTC To Broadcast Colgate Game Sat.

Campus Station WNTC will broadcast the Clarkson-Colgate baseball game, to be held Saturday, May 8, at Snell Field. This announcement was made by the Program Director of the station last week. The game is scheduled to start at 2:30 p. m. Arrangements have been made for the program to be sent by telephone wire directly from the athletic field to the main studios, at the corner of Pierrepont and Main streets, and to be broadcast from there over the regular frequency of the station, 640 kilocycles.

WNTC Votes In 10 New Members

In an executive board meeting held Friday night, April 30th, the following personnel of Campus Station WNTC were voted in as members: Corrine Burns, Pat Plumb, Laurna Millard, Elizabeth Laidlaw, Alyce Alverson, Douglas Huff, Pat King, Chester Kondel, Charles Peer, and Robert Coventry. All these students had served at least the probationary period of one month, and in the estimation of the board, were active members of the station.

At a general meeting held in the College Club last Saturday afternoon, Gene Mueller was elected to the office of Assistant Station Manager. He had previously been appointed acting Assistant Station Manager, to fill the vacancy created by the resignation of Bill Moonan.

Last Tuesday morning, with the same Phil Klein at the controls, WNTC's "Breakfast Hour" got its start. It is now running five days a week, Monday through Friday, from 7:30 till 8:30 in the morning. "There is ample opportunity here for all those interested in gaining experience; and, new members, of course, are always welcome," stated Joe Drab, Program Director.
